THURSDAY, MAY 3, 1855.

The Council proceedings are lengthy and was interesting. Read them and keep posted.

Mr. W. Woolley's letter of acceptance of the nomination for Attorney General, is in type, and shall appear to-morrow.

The rains of yesterday and last night must produce a most beneficial effect upon the crops. Hundreds of farmers will feel better to-day.

Mr. C. Green said again this morning at his auction rooms, No. 30 Third street. See advertisement for particulars. Attend, bidders are to be had.

GRAND BARY SHOW.—A train of cars recently passed through Michigan containing 984 passengers and 525 babies, all bound to Chicago and the West.

ANDY KRIE advertisements like to another column. While it meets all requirements known are the first, and his accommodation, which places all. Give him a call.

The range near yesterday night's refreshing effect, did not upon vegetation, but upon the faces of farmers generally, who were in the city. Doubtless, they all thought of the corn field and other crops.

W. Wharton & Co., Market street, between Second and Third streets, sell to-morrow a large and select lot of household and kitchen furniture. This is one of the best sales of the season, and Wharton is the man to put through. He understands it.

The May election is close at hand. Saturday, the 5th inst., is the day for the election of constables and magistrates in the different districts in this city. It will be seen by reference to our candidates' columns, that "another Richmond is in the field."

Frankenstein's wonderful panorama of Niagara will be exhibited this afternoon, at three o'clock, and again tonight at eight o'clock. Let everybody go and see it. Every Louisville who did not see it, will be ashamed to not know it hereafter. Remember the last night has almost come.

CHIEF BUTLER.—This article it may not be generally known to house-keepers, but can be obtained fresh and pure, at B. Conner & Co., corner of Fourth and Market streets, and at a much lower price than prime butter sells for in Market. We have tried it, and recommend their establishment to the public.

The election in Virginia comes off on Thursday, the 5th inst. Everybody knows the Anti-Know Nothing candidate for Governor, Hon. Henry A. Wise—but few are familiar with the name of the Know Nothing candidate. That the people may know the name of Wise's rival, we give it—Thomas Stenhouse Flourary.

A PERILOUS LEAP.—A few days ago, a six weeks old calf broke away from its custodian, in Rochester, N. Y., and plunged into the rapids of the Genesee, and was quickly carried over the falls, a height of about 90 feet. Strange to say, it emerged from the boiling pool and swam lustily to the shore, where it was secured by its owner, apparently none the worse for its terrible plunge.

ENDING OF A CORTLY BROTHER.—Taylor's International Hotel and restaurant, in Brooklyn, New York, was cut off a million of dollars, the sum to \$25,000, and to build that building any it must come down, or it will fall down; the walls are sprung, considerably. Many of the boarders have left in alarm. The firemen would scarcely venture into the building, if it took fire.

A negro named Clotwell, formerly secretary to General Bolivar, attracted much attention at Lyons, France, lately. Clotwell was emancipated by Bolivar, together with 70,000 other slaves, provided that all the able-bodied men among them would take up arms in the cause of the American independence. Clotwell enlisted, and was sent to St. Louis. He is now a large landed proprietor in the canton of Vaud.

A husband residing in a small village in the interior, thus announces the departure from his "wed and home" of his dearly beloved wife. The wife, a French girl, had been married to him by Anne Marie, has stayed or been home. Wherever returns he got his head broken. As for trusting her, any body can do as he sees fit—she never pay my own debts, it is not at all likely that I will lay awake night thinking about other people's.

RIVER AND WEATHER.

The river is falling at this point, with upward of six feet in the canal. Yesterday afternoon we had a fine rain, and last night it poured down in torrents. If rain has been general, much good will be done, for vegetation needs it.

There are five feet six inches water in the canal and falling. The weather is wet.

The river has fallen 18 inches. The weather is warm and cloudy.

The Baltimore will leave for St. Louis to-day at 12 o'clock. This is one of the swiftest in the trade, if indeed she isn't the very fastest. Travel on the Baltimore.

The Telegraph No. 3 is the mail boat for Cincinnati to-day. Pat Rogers, commander, John Wilson, clerk. Verbum sat.

Cumulated river was falling on Sunday, with three feet water on Harpers Shoals.

The Tennessee Alabama of the 31st says: "It is remarkable that no boat has been out on our river in twelve months, and therefore we make the remark accordingly. The Tallahatchie river did not remain up quite long enough to enable a steamer to get up, or to allow the flat boats to get down. One loaded with cotton left here this week, but is not due now on a log and box. Other crafts are above—such as boats, raft, lumber—in the same stationary condition."

INDIANA LOCAL ELECTIONS.—At the election in April, Indianapolis is located by 200 majority. Now after incredible efforts, they are beaten by nearly two hundred. Three cheers for the Democrats of the Capital. They deserve well of their brethren everywhere.

J. D. Kelso was elected Mayor of New Albany on Tuesday, without opposition, as well as the balance of the Know Nothing ticket for city officers.

In Jeffersonville the K. N. defeated their ticket by 180 majority, which is less than herebefore.

A wag was going to a party with a very low-necked dress and bare arms, expressed his admiration by saying the "outer-rim" of the gown was very plain.

Frankenstein's wonderful panorama of Niagara will be exhibited this afternoon, at three o'clock, and again tonight at eight o'clock. Let everybody go and see it. Every Louisville who did not see it, will be ashamed to not know it hereafter. Remember the last night has almost come.

OFFICIAL.

BOARD OF ALDERMEN.

MONDAY EVENING, APRIL 30.

Present.—D. D. Weatherford, President, and all the members.

A message was read from John Barbee, Mayor of the city of Louisville, and also was transmitted by both Mayor and City Clerk, a petition, allowing that he had taken the oath prescribed by the charter and ordinance of the city.

Alderman Harris moved that said communication and certificate of qualification be received and spread upon the journals of the Council.

Resolved, That the petition be received, and the question in the affirmative was carried by the following vote: Yeas—Messrs. Weatherford and Harris; Nays—Messrs. Douglas, Kaye and Howard; 3 yeas, 3 nays.

The Telegraph No. 3 is the mail boat for Cincinnati to-day. Pat Rogers, commander, John Wilson, clerk. Verbum sat.

Cumulated river was falling on Sunday, with three feet water on Harpers Shoals.

The Tennessee Alabama of the 31st says: "It is remarkable that no boat has been out on our river in twelve months, and therefore we make the remark accordingly.
